## Primates Tour

Chimpanzee Trekking is an exciting activity whereby guests will dash through the flora to encounter the chimpanzees playing in the wild within the Nyungwe National Park. With a maximum of 8 people per tour, the Chimpanzee trekking is a popular and challenging adventure, but due to the authentic nature of the experience, chimpanzee viewing is not a guarantee.

The canopy walk takes place four times a day (8am, 10am, 1pm and 5pm).

The experience lasts around 2 hours total, with a 30 minute walk to the bridge, 1 hour on the bridge and a walk back. The forest walkway bridge provides the ideal opportunity to spot Colobus Monkeys and birdlife. At its central point the bridge reaches a height of around (90m).

### DAY1
